\$26.95 Reg. List \$33.95

Fine Tooth Finesse Ironman Strength

Grab our fine tooth ratchet and give it a spin! You won't feel the weak faint clicking sound found in other ratchets.

We engineered strength into our fine tooth mechanism by packing 1/2" guts into a 3/8" ratchet while maintaining a 5 degree swing arc.

Our fine tooth ratchet is forged in Albion, Pennsylvania, finished in Mogadore, Ohio, and distributed to the professional by a select group of franchised mobile tool dealers.

- Outside Diameter: 3/4".

UJ2

\$29.95 Reg. List \$35.95

3/4" Drive Detachable Split-Beam Click Wrench Range: 200-600 ft.-lbs.

- Overcomes many of the problems associated with micrometer-style click wrenches in abusive environments because the wrenches have fewer components and all critical parts are welded together at assembly.
- Setting the tool requires only fingertip force since the adjustment mechanism is not under load.
- Length is designed to provide leverage required for maximum torque applications and reach for hard-to-get-at places.
- Knurled handle provides slip-resistant grip.
- Torque setting locks for repetitive applications.
- Patented calibration method allows calibration without disassembly.
- Patented innovative "split-beam" torque measuring mechanism provides consistent accuracy throughout the torque setting range.
- Length: 48".

PRIC4D600F

\$459.95 Reg. List \$550.00

1/4" Drive Universal Extension

- Drive size is 1/4" on both ends.
- Chrome plated with a knurled shank.
- Male square end has spring/ball retention.

X431 Diagun Full

- Designed with the professional automotive technician in mind.
- Featuring a compact main unit, powerful diagnostic functions, and lightning fast boot up!
- Comes with Domestic, Asian and European Software.

Features/Benefits:

- Diagon is "Keyless Technology" no more missing keys.
- Compact, PDA sized main unit with High Resolution LCD Touch Screen.
- Single, Wireless Bluetooth® connector good for most OBDII and CAN applications.
- All OBDI and Proprietary Connectors included with the Full Diagon Kit.
- OEM Level Asian and European Coverage.
- Strong Domestic Coverage including Ford Key Programming.
- Module Coding.
- Full OBDII Test Mode Coverage.
- Adaptive Resets and Relearns.
- Full Bi-directional controls.
- ECM-BCM Resets.
- Live Graphing.
- 300+ Web updates a year.

Mobile Work Center

With many of the same features as the larger Cornwell Custom units, and built to the same stringent requirements you've come to expect from the rest of the Cornwell Custom line, this new Mobile Work Center competes against the best of traditional tool storage.

This new cart also offers something to you if you have already purchased a Cornwell Custom unit. Built to the same height as 67" and larger cabinets, the same exact color specifications, and with a stainless steel work surface that comes standard, you may roll your units side by side for an expanded work surface and a clean look. No more mismatched tool cabinets and utility carts.

Available Colors

BLACK

BLUE

RED

Heavy-duty 200 lb. slides are mounted directly to the internal roll cage. Double slides on the 9" drawer (for 400 lbs. of storage), recessed drawer trim, and the Cornwell exclusive TLC latching system come standard on this new Work Center. Along with standard Cornwell Custom drawers.

- Stainless Steel top with 2 gas struts.
- 42"W x 24"D x 45-1/2"H.
- Hemmed edges on drawers.
- Extruded trim and decorative trim caps.
- Solid 4MM thick tacky non-slip drawer liners.
- Heavy duty roller bearing slides.
- Heavy duty casters.
